REGIONAL CONFERENCE 2011

**Broken Hill
4—6 May 2011**

PRESIDENT'S MESSAGE

On behalf of the organising committee of the 2011 EDAP Western Group's 62nd Annual Regional Conference I would like to extend a warm greeting to delegates, exhibitors, sponsors and speakers to the Broken Hill Conference. As always there are a wide range of presentations covering a variety of topics relating to Environmental Health, Building Surveying and Planning.

The EDAP conference has a reputation for providing a first rate learning experience with information and presentations of a high standard. It provides delegates with the opportunity to learn from very experienced presenters as well as the chance to socialise with others in the profession.

A number of visits of inspection have been arranged for delegates including the Broken Hill Regional Art Gallery - the oldest Regional Art Gallery in NSW which is housed in the historic Sully's Emporium. You will also have the chance to visit the Living Desert and Sculptures located amongst the Barrier Ranges in a Flora and Fauna Sanctuary. This will allow you to gain an educational and cultural experience and instil the importance of preservation of the environment. Another major attraction within the Living Desert is the Sculpture Symposium completed by artists from around the world.

I hope that while in Broken Hill you have the time to enjoy the wonderful attractions and the hospitality of the community. You are sure to be affected by the mining history, landscape and wonderful sunsets.

EDAP would like to thank its many loyal sponsors and presenters and acknowledges the contribution of Broken Hill & Parkes Shire Councils to the event.

I look forward to seeing you at the conference and hope that the program inspires you in your profession.

Steven Campbell
President
EDAP Western Group
